

Consumer Electronics Products

25859GE1 - GE3

5.8 GHz Cordless Speakerphone
with Messaging System and Call-
Waiting Caller ID¹

Features

5.8 GHz Technology with 40-Channel Auto Scan

Messaging System with Message Counter and Voice Time/Day Stamp

Call-Waiting Caller ID¹ with 40 Name-and-Number Memory

Lighted Keypad and LCD

10-Number Memory

Digital Security

Handset Volume Control

Benefits

Automatically selects the clearest channel, provides cordless convenience with clear reception and excellent range.

Provides instant playback of messages. Counter shows number of messages received. Voice stamp recites time and day each message received.

Display shows name and/or number of person calling, even if you are on the phone with another caller.

Lighted controls simplify night-time use.

Speeds dialing of frequently used numbers.

Prevents false ringing and helps deter unauthorized access to phone line from other cordless telephones.

Adjusts incoming call volume to desired level.
