29480GE1

Two-Line Telephone with 10-Number Memory

Features

Benefits

Two-Line Convenience with Distinctive Ring and Line-in-Use Indicators for Each Line

Meets demands of increasingly popular two-line home. Provides a 2nd line for the kids, for the computer, or whatever.

3-Way Call Conferencing

Permits three parties to be linked together for conference calls.

10-Number Memory

Speeds dialing of frequently used numbers.

One-Touch Redial

Quickly redials the last number dialed.

Handset and Ringer Volume Controls

Adjusts incoming call volume to desired level and ringer volume (Hi/Lo/Off).

Flash and Hold Functions

Flash allows access to subscription services like 3-way calling. Hold works on both lines - releases automatically from any extension.

Tone/Pulse Switchable Dialing

Allows any combination of tone and pulse for access to long-distance service without added monthly tone-access line charge.
